

# Lighting Systems

## Lighting Systems

This two-day seminar begins with a fundamental review of incandescent lighting. Other topics include fluorescent lighting, high intensity discharge lighting, and the power requirements for lighting systems.

### I. Incandescent

- Types of Incandescent Lamps
- Troubleshooting and Repair

### II. Fluorescent

- Lamps
- Ballasts
- Troubleshooting and Repair

### III. High Intensity Discharge

- Lamps
- Ballasts
- Troubleshooting and Repair

### IV. Lighting Systems Power Requirements

- Balancing a System
- System Controls
- Automatic Controls
