

## CEUs

*“The positive impact that our learning programs have had on the populations served is publicly recognized.”*

The operations and maintenance workforce is changing, and the demand for skilled industry labor is high! Faced with a wave of retirement, new hires simply do not have the experience and skills comparable to that of the retiring workforce. How will today’s new generation get the skills and experience they need to address this ever increasing demand in the U.S.? The answer is training!

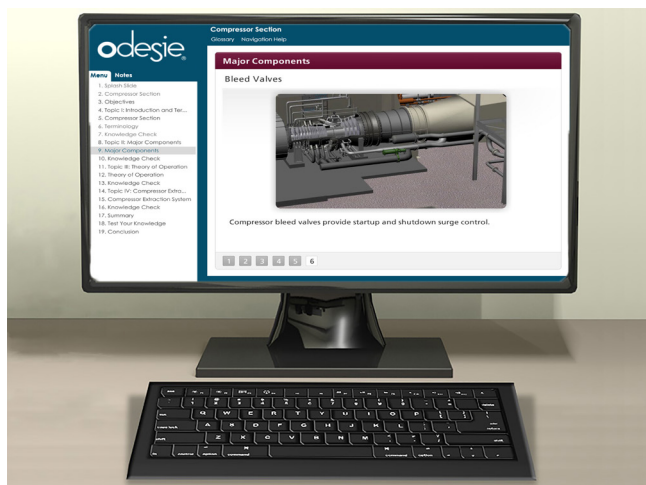

*CEU Certificate of Achievement*

TTS can partner with your school and offer web-based training courses. Students can enjoy the convenience of distance learning while still learning the essential skills that they need to progress in their respective fields.

TTS has been accredited as an Authorized Provider by the International Association for Continuing Education and Training (IACET). In obtaining this accreditation, we have demonstrated compliance with the ANSI/IACET Standard which is recognized internationally as a standard of good practice. As a result of the Authorized Provider status, TTS is authorized to offer IACET CEUs for programs that qualify under the ANSI/IACET Standard.

We offer CEUs for the following critical subject areas that have served companies like ExxonMobil, Caterpillar, and Walgreens!

*Web-Based Training*

- Foundation
- Mechanical
- Industrial Electricity and Electronics
- Instrumentation and Controls
- Electrical
- Distribution and Warehousing
- Building Management and Maintenance
- Combined Cycle
- Safety
- OSHA
- Water Treatment

CEU credits are readily accepted by many organizations, locally and internationally. The positive impact that our learning programs have had on the populations served is publicly recognized. Join us, and let us show you how we’ve earned this reputation!
