

Oil, Gas and Petrochemical Industry Services

Winner of IACET Exemplar Award for Training in the Oil & Gas Industry

TTS developed an award winning innovative blended learning program for one of the largest oil companies in the world.

Customized On-Site Programs

Training is an investment and you want to get the most effect for the investment. TTS provides a combination of learning technologies blended to produce the best results. By evaluating your current workforce we can recommend the proper training path to take. A blend between online learning, classroom training and hands on application of skills optimizes your return on investment.
